

REQUIRED CONTRACT PROVISIONS

1. The Contractor shall not leave the project for arbitrary reasons or have less than one complete paving crew on the job at any one time without the permission of the Engineer in writing. Should he, by actions totally under his own control, remove his equipment or crews from the work assigned to him by the Engineer, the Contractor shall pay the City \$250.00 per day for each day's interruption in the paving schedule.
2. The Contractor shall schedule his mix plant operations to conform with the Engineer's weekly paving schedule. It is the Contractor's responsibility to provide the necessary materials of construction to maintain the schedule of the field paving operation.
3. The purpose of this contract is to resurface streets throughout the City. The paving contractor shall be expected to perform minor grading, sweeping, cleanup and tacking prior to paving as necessary. No extra payment will be allowed for such work.
