Message from the Mayor

Chattanoogans aren't afraid of challenges, or of forging our own path forward. Throughout our history we've had to fend for ourselves and have always leaned in and met the moment. While we are optimistic about the future and proud of the progress made over the past year, we recognize there is much more to be done to confront the critical challenges facing our city.

Persistent poverty, gaps in educational opportunities and achievement, health disparities, gun violence, increasingly unaffordable housing, neglected infrastructure, and a shortage of opportunities for good-paying jobs are but a few of the challenges we face.

Together, we can tackle these challenges one by one; with vision, strategy, and leadership. To be successful, we must be intentional about how we invest our limited resources. This is why we spent the better part of the last year developing the ONE CHATTANOOGA strategic plan. This plan provides a broad vision for our city and serves as a guide for how the City government will invest its resources in the coming years.

Earlier in 2022, the City launched an unprecedented \$100 million affordable housing initiative to create and preserve thousands of affordable housing units across our city. With this budget, the City will provide the initial investment of \$33 million, and work is underway to secure the remaining \$67 million from partners across the nonprofit, philanthropic, and private sectors.

With this budget, Chattanooga will unlock the resources to ensure that City government is both effective and responsive. This includes expanding the number of code inspectors and garbage truck drivers, increasing the budget for debris cleanup and demolition of condemned properties, expanding capacity in our permitting office, and increasing the supply of city-owned properties available for a higher and better use.

We will make significant investments in critical infrastructure such as sewer, bridges and roads. We will secure federal and state funding opportunities. And we will invest in key economic development opportunities, with a focus on entrepreneurship, particularly among minority-owned businesses.

Simply put, this budget represents a seed investment in helping Chattanooga live up to its potential to become the best city in America: a city that works for everyone, as one Chattanooga, together.

Mayor Tim Kelly
City of Chattanooga

Budget Process and Timeline

The fiscal year 2023 budget was prepared using a priority-based budgeting approach. Priority-based budgeting is a public sector alternative to zero-based budgeting and is recognized by the Government Finance Officers Association as a best practice.

Following are the principles that guided preparation of the the budget:

- Prioritize services
- Do the important things well
- Question past patterns of spending
- Spend within the City’s means
- Know the true cost of providing services
- Provide transparency of community priorities
- Provide transparency of service impact
- Demand accountability for results

The budget process was designed to comprehensively prioritize services and transparency by utilizing specific steps throughout the budget process:

- Obtain community input
- Develop and implement strategic plan
- Enhance transparency
- Operationalize performance measures
- Encourage innovation
- Prioritize bold ideas for ONE CHATTANOOGA

Strategic Plan

In the Fall of 2021, Mayor Kelly released his ONE CHATTANOOGA strategic plan, providing a broad vision that guides the work of all departments throughout City government. The plan is systems focused, informed by prior work, and built on the basics. The plan is not meant to be a finished product and is in constant review.

The ONE CHATTANOOGA vision:

In our Chattanooga,

- Every child has equal access to an excellent education from cradle to career
- Our economic success and prosperity will catalyze opportunity for all
- All Chattanoogaans are secure in their homes and in their neighborhoods
- Entrepreneurs from every walk of life start and grow successful businesses
- We make the long-term investments that pave the way for sustainable, accessible, and equitable growth
- Communities thrive in an emerging green economy
- Racism is defeated through love and understanding

Though ambitious, we are confident that this is an achievable vision of Chattanooga with time, investment, and determination. We don't yet have every solution or every funding source, so the path will be far from easy, but it will be worth it, because if we achieve it, we will have made Chattanooga the best city in America. Together, we can make this vision a reality.

The following eleven principles serve as guideposts for an emerging culture within City government and the foundation for our strategic vision as a city. We start with vision and principles, because as Peter Drucker famously said, "culture eats strategy for breakfast." For this reason, these principles are firmly woven into the ONE CHATTANOOGA vision.

1. Equity
2. Common Purpose Over Partisan Politics
3. Urgency of Now
4. Candor
5. Prioritizing Justice Over Charity
6. People First
7. Involved and Invested, Not Just Informed
8. Localism
9. Opportunity in the Service of Prosperity
10. Common Sense for Common Purpose
11. Respect

The ONE CHATTANOOGA strategy consists of 7 goals and 40 priorities that comprise our strategy to realize our vision of a city where opportunity exists for all and where prosperity is plentiful. Significant Challenges

Our city's infrastructure liabilities are adversely impacting our residents' quality of life, and pose significant cost challenges to return them to an acceptable baseline standard. Our roads have deteriorated precipitously over the last ten years, with the portion of our roads rated as 'poor' increasing from 7 percent in 2010, to 20 percent in 2020. Reversing this decline will require a significant long-term investment.

More concerning, the bill to repair our bridges –on which we depend for both commerce and public safety– is also coming due. Over the next ten years, Chattanooga must invest about \$120 million to repair and replace bridges that are quickly reaching the end of their useful life. Without immediate action, our first responders will eventually have to take lengthy detours, which will adversely impact life safety.

Major stormwater and sewer infrastructure projects are required to be completed in the coming years, in accordance with the consent decree which Chattanooga entered into with

the Tennessee Department of Environment and Conservation and the Environmental Protection Agency some ten years ago. Four significant projects will need to begin in fiscal year 2023.

While federal money is expected to become available to help repair and upgrade our roads, bridges, sidewalks, greenways and sewers, Chattanooga's portion of these relief dollars represents only a fraction of the need.

As of 2019, 47% of households in Chattanooga were renters vs. 34% in TN and 36% in the United States. The monthly median rent in Chattanooga rose from \$495 in 2000 to \$859 in 2019, an increase of 79%. During this same period, the annual median family income in Chattanooga rose from \$41,318 to \$63,970, an increase of 55%. Three years later, the monthly median rent is now well over \$1,000 and income growth is not keeping up.

Median housing prices in Chattanooga have increased 80.7% since 2015, leaving 43% of renters defined as "housing burdened," or spending more than 30% of their income on housing. And 22% of renters are "housing insecure," defined as spending more than half off their income on housing costs - putting them at risk of eviction or foreclosure.

Budget Highlights - Key Investments

Affordable Housing

Closing Chattanooga's affordable housing deficit, estimated at more than 5,000 homes, requires a bold investment and an aggressive plan. **To bridge the gap, this budget allocates an unprecedented \$33 million investment to seed a \$100 million affordable housing initiative that will aggressively seek to preserve or create thousands of units of affordable housing over five years.** This investment, and the plan surrounding it, appropriately meets the challenge and is a clear demonstration of the City's commitment to stimulate access to housing that residents can afford. The City is already in discussions with partners in the nonprofit, philanthropic, financial and homebuilding sectors to assemble the remaining \$67 million and assemble appropriate capital allocations to drive the construction of homes that residents can afford.

Any successful housing strategy will incorporate a multi-pronged approach that acknowledges the complexities of creating affordable housing, which the City defines as a home that costs less than 30 percent of a resident's gross income. These approaches include, but are not limited to, direct subsidies, gap financing, land acquisition, down-payment assistance, and partnerships with Community Development Financial Institutions (CDFIs). This budget also funds a **Chief Housing Officer** to lead this urgent work and pioneer innovative approaches.

Roads and Critical Infrastructure

This budget includes an **unprecedented \$131 million for roads and critical infrastructure**. Of that, the budget includes **\$10 million for repaving roads**, as part of a commitment to invest at least **\$40 million over four years for repaving roads throughout the city** to reverse years of lagging Pavement Condition Index (PCI) scores.

In addition to repaving roads, this budget includes:

- \$7.6 million for road construction
- \$1.3 million for sidewalks
- \$2 million for bridges
- \$3 million for traffic signal synchronization and optimization

While we have filled over 9,000 potholes and cracks over the past year, there is more work to be done. This budget provides funding for **two full-time employees** to drive and operate equipment used to fill potholes, which will provide dedicated resources to this function.

This budget also includes significant investment for our critical infrastructure, including nearly **\$100 million for sewer projects and \$10 million for stormwater projects**.

Economic Development

This budget includes **more than \$10 million in capital investment for economic development**, including **nearly \$5 million for early site preparation at Enterprise South Industrial Park** and \$5 million for the historic renovation and rehabilitation of the 100-year-old Tivoli Theatre, which will leverage \$50 million from other sources to create a premier performing arts center that promotes equity and economically impacts the heart of our city.

The Enterprise South Industrial Park (ESIP) has one remaining parcel that can be developed for economic development. **This 110-acre tract has the potential to lure another major automotive manufacturer**, along with hundreds or even thousands of good-paying jobs.

This budget also provides funding for a **Director of Entrepreneurship** within the department of Economic Development, increasing the City's capacity to focus on building pathways to entrepreneurship and access to capital for all.

Community Health and Gun Violence Prevention

Last year, the City launched the Office of Community Health. Community health is a broad and vital measure that encompasses physical health, mental health, safety and security, and social connectivity. The Office of Community Health has been vital in leading the City's response to the COVID-19 pandemic and will continue to lead this response as necessary.

As the need for pandemic response decreases, resources will be shifted to address racial and socioeconomic disparities in public health outcomes and the prevention of violence in our community. In June of 2021, Mayor Kelly declared gun violence in our city a public health crisis. This budget includes expanded resources for the Office of Community Health to partner with the Chattanooga Police Department to prevent gun violence. This includes the addition of a **Director of Community Safety & Gun Violence Prevention**.

Pay Increases for First Responders and Essential Workers

The fiscal year 2022 budget invested more than \$30 million to implement a new compensation plan for first responders and essential workers. While this increase helped get the City back to par with benchmark cities, Chattanooga must continue to invest in its workforce lest it once again begin to fall behind. This budget includes a **3% cost of living adjustment for all regular full-time and part-time employees, raising the minimum wage to \$15.45 per hour**. The cost of living adjustment will be applied to sworn employees for the first time in eight years.

This budget also provides **supplemental funds for Head Start** in order to fully implement the \$15.45 minimum wage and address pay compression throughout the Head Start program.

Effective and Responsive Government

This budget includes multiple investments to help **streamline City processes and prioritize innovative approaches to public services**. From codes enforcement, to garbage collection, to adding capacity in our permitting office; these investments include:

- Two additional code inspectors
- Demolition Abatement Specialist
- Increase of \$350,000 for debris removal, cleanup, and demolition services
- Two additional truck drivers in order to add two new garbage collection routes
- Land Development Office (Permitting) - Transportation Review Specialist, Plans Review Specialist, Construction Inspector

In addition to these common-sense investments, we are also investing in **continuous process improvement and innovation** throughout City government. This budget includes \$500,000 for an innovation fund that will allow us to reimagine and improve City services to provide effective and responsive government. We have also kicked off **Chattanooga IMPROVES**, which is a framework by which the executive team and department administrators meet regularly to ensure that we are making progress as a whole towards accomplishing the ONE CHATTANOOGA vision. This framework drives meaningful change in City government and holds everyone accountable for implementing the strategic plan.

SECTION 10. That the City Finance Officer is authorized to reimburse officials and employees for use of personal vehicles on official business at the current rate per mile recognized and established by the Internal Revenue Service.

SECTION 11. That for employees currently receiving a monthly allowance of four hundred dollars (\$400.00) per person in-lieu of a take-home government vehicle shall continue to receive the same for as long as such employee holds his or her current position. Additional

employees may receive this allowance only with the approval of the Mayor and passage of an ordinance by the City Council.

SECTION 12. That all salaries and wages and other expenditures shall be paid only upon the authorization of the official who has the responsibility of expending the appropriation against which the salaries or wages or other expenditures are charged, pursuant to Private Acts of 1953, Chapter 105, Section 2 (4). That all funds appropriated in this Ordinance for payment of salaries and/or wages shall be spent for salaries and wages only unless proper authorization is given to do otherwise.

SECTION 13. That the City Finance Officer is authorized to pay the payroll and/or costs of personal services, whether on the payroll, voucher or otherwise, of the Air Pollution Control Bureau, Chattanooga Public Library, Regional Planning Agency, Community Development – Social Services, Scenic Cities Beautiful, and any other department, agency, board, commission, office, division, or branch of Municipal Government heretofore or hereafter established, notwithstanding that same is not specified hereinbefore, as certified to him by the respective administrative official.

Payments beyond the current fiscal year shall be subject to future appropriations by City Council. The City Finance Officer is authorized to appropriate the necessary money from other available funds. The difference in pay shall be calculated without regard to any payment of combat pay. Further, with the concurrence

of the General Pension Fund and the Fire and Police Pension Fund, or any union fund participation agreement, the City shall pay such contributions necessary, both the employee's and the employer's share, based on their pension-eligible salary at the time of call-up (not counting overtime pay) to ensure the continued enrollment and pension-eligibility of employees while called-up for deployment OCONUS for the same period as referenced above. In this manner, the affected employees shall not be penalized nor incur financial hardship as relates to their pension eligibility.

If the City's medical insurance provider will extend medical coverage to families affected by the call-up of reservists for deployment OCONUS beyond the customary six (6) month period, the City shall pay the employer share of the premium for any employee called-up to active duty. The employee's share of the coverage shall remain the responsibility of the employee and may be paid in the most convenient method by the employee. During the time of active duty, the employee may request the City to make such payments on his/her behalf and reconcile the amounts paid upon his/her return to City employment.

SECTION 15. As provided by the Employee Information Guide, Section V, Military Leave:

After the twenty (20) days of military pay has been exhausted, the employee activated for military service may elect to use accrued PTO balance (all or in part) or immediately commence leave without pay. Every employee returning from military leave shall submit to his/her Department Head proof of the number of days spent on duty.

SECTION 16. Pursuant to Tenn. Code Ann. § 8-4-604(a)(1), the Office of Open Records Counsel ("OORC") is required to establish a schedule of reasonable charges a records custodian may use as a guideline to charge citizens requesting copies of public records. Additionally, Tenn. Code Ann. § 10-7-503(g) requires each governmental entity subject to the Tennessee Public

Records Act (“TPRA”) to establish a written public records policy that includes a statement of any fees charged for copies of public records and the procedures for billing and payment. Accordingly, the following policy sets forth general guidelines for records custodians when assessing reasonable charges associated with record requests under the TPRA.

POLICY:

I. General Considerations

(A.) Records custodians may not charge for inspection of public records except as provided by law.

(B.) The following schedule of reasonable charges should not be interpreted as requiring records custodians to impose charges for copies of public records. Charges for copies of public records must be pursuant to a public records policy properly adopted by the governing authority of a governmental entity. See Tenn. Code Ann. § 10-7-503(g) and § 10-7-506(a).

(C.) Application of an adopted schedule of charges shall not be arbitrary. Additionally, excessive fees and other rules shall not be used to hinder access to public records.

(D.) A records custodian may reduce or waive charges, in whole or in part, in accordance with the governmental entity’s public records policy.

(E.) A records custodian may require payment for copies before producing copies of the records.

(F.) The TPRA does not distinguish requests for inspection of records based on intended use, be it for research, personal, or commercial purposes. Likewise, this Schedule of Reasonable Charges does not make a distinction in the charges assessed based on the purpose of a record request. However, other statutory provisions, such as Tenn. Code Ann. § 10-7-506(c), enumerate fees that may be assessed when specific documents are requested for a specific use. Any distinctions made, or waiver of charges permitted, based upon the type of records requested should be expressly set forth and permitted in the

adopted public records policy.

(G.) Records custodians shall provide a requestor an estimate of reasonable costs to provide copies of requested records.

II. Per Page Copying Charges

(A.) For each standard 8½” x 11” or 8½” x 14” copy produced, a records custodian may assess a per page charge of up to 15 cents (\$0.15) for black and white copies and up to 50 cents (\$0.50) for color copies. If producing duplex (front and back) copies, a charge for two separate pages may be imposed for each single duplex copy.

(B.) If the charge for color copies is higher than for black and white copies, and a public record is maintained in color but can be produced in black and white, the records custodian shall advise the requestor that the record can be produced in color if the requestor is willing to pay a charge higher than that of a black and white copy.

(C.) If a governmental entity’s actual costs are higher than those reflected above, or if the requested records are produced on a medium other than 8½” x 11” or 8½” x 14” paper, the governmental entity may develop its own charges. The governmental entity must establish a schedule of charges documenting “actual cost” and state the calculation and reasoning for its charges in a properly adopted policy. A governmental entity may charge less than those charges reflected above. Charges greater than 15 cents (\$0.15) for black and white copies and 50 cents (\$0.50) for color copies can be assessed or collected only when there is documented analysis of the fact that the higher charges represent the governmental entity’s actual cost of producing such material, unless there exists another basis in law for such charges.

III. Additional Charges

(A.) When assessing a fee for items covered under this section, records custodians shall utilize the most economical and efficient method of producing the requested records.

(B.) A records custodian may charge its actual out-of-pocket costs for flash drives or similar storage devices on which electronic copies are provided. When providing electronic records, a records custodian may charge per-page costs only when paper copies that did not already exist are required to be produced in responding to the request, such as when a record must be printed to be redacted.

(C.) It is presumed copies of requested records will be provided in person to a requestor when the requestor returns to the records custodian's office to retrieve the records.

(D.) If a requestor chooses not to personally retrieve records and the actual cost of delivering the copies, in addition to any other permitted charges, have been paid by the requestor or otherwise waived pursuant to the public records policy, then a records custodian is obligated to deliver the copies via USPS First-Class Mail. It is within the discretion of a records custodian to agree to deliver copies of records through other means, including electronically, and to assess the costs related to such delivery.

(E.) If it is not practicable or feasible for the records custodian to produce copies internally, the records custodian may use an outside vendor and charge the costs to the requester.

(F.) If a records custodian is assessed a charge to retrieve requested records from archives or any other entity having possession of requested records, the records custodian may recover from the requestor the costs assessed for retrieval.

IV. Labor Charges

(A.) A records custodian shall utilize the most cost efficient method of producing requested records. Accordingly, a records custodian should strive to utilize current employees at the lowest practicable hourly wage to fulfill public records requests for copies.

(B.) "Labor" is the time (in hours) reasonably necessary to produce requested records, including the time spent locating, retrieving, reviewing, redacting, and reproducing records.

(C.) “Labor threshold” is the first (1st) hour of labor reasonably necessary to produce requested material(s). A governmental entity may adopt a higher labor threshold than one (1) hour. A records custodian is only permitted to charge for labor exceeding the labor threshold established by the governmental entity.

D. “Hourly wage of an employee” is based upon the base salary of the employee and does not include benefits. If an employee is not paid on an hourly basis, the hourly wage shall be determined by dividing the employee’s annual salary by the required hours to be worked per year. For example, an employee who is expected to work a 37.5 hour workweek and receives \$39,000 in salary on an annual basis will be deemed to be paid \$20 per hour.

E. In calculating labor charges, a records custodian should determine the total amount of labor for each employee and subtract the labor threshold from the labor of the highest paid employee(s). The records custodian should then multiply the amount of labor for each employee by each employee’s hourly wage to calculate the total amount of labor charges associated with the request.

Example:

The hourly wage of Employee A is \$15.00. The hourly wage of Employee B is \$20.00. Employee A spends two (2) hours on a request. Employee B spends two (2) hours on the same request. The labor threshold is established at one (1) hour. Since Employee B is the highest paid employee, the labor threshold will be applied to the time Employee B spent producing the request. For this request, \$50.00 could be charged for labor. This is calculated by taking the number of hours each employee spent producing the request, subtracting the threshold amount, multiplying that number by the employee’s hourly wage, and then adding the amounts together (i.e. Employee A (2 x \$15.00) + Employee B (1 x \$20.00) = \$50.00).

SECTION 17. That, pursuant to the Charter, it shall not be lawful for any department, agency, or branch of the Government to expend any money other than the purpose for which it

was appropriated, nor shall the expenditures for a purpose exceed the appropriation for said purpose.

SECTION 18. If at any time the actual receipt of revenues is projected to be less than the estimated revenues, it shall be the duty of the Mayor to forthwith initiate an ordinance amending this budget ordinance so as to appropriately reduce or otherwise change the various appropriations made herein which, in the judgment of the City Council, should be made.

SECTION 19. The City Finance Officer is hereby authorized to transfer money from one appropriation to another within the same fund as may be necessary to meet expenditures for the fiscal year 2023.

SECTION 20. In addition to FY23 appropriations for current year expenditures, funds shall be appropriated to meet obligations carried forward from prior year open purchase order balances in each fund. Such appropriation shall be from the fund balance of each respective fund.

SECTION 21. That Ordinance 11941 dated March 14, 2007 amended the Chattanooga City Code, Part II, Chapter 24 relative to parking, per Section 24-335, the City delegated the Management responsibilities for parking meters within the Special Parking Management Districts to the Chattanooga Area Regional Transportation Authority. By this Budget Ordinance, any revenue in excess of the cost to CARTA for operation of metered parking spaces within the Special Parking Management Districts be appropriated to CARTA to be utilized for CARTA's parking management operations, including the costs of acquiring and maintaining parking equipment and systems and enforcement of these ordinances, as well as the acquisition, construction, and maintenance of off-street parking facilities and the provision of passenger shuttle services in downtown Chattanooga area.

SECTION 22. That Chattanooga City Code, Part II, Chapter 31, Article II, Section 31-

36(a), be and the same is hereby deleted and the following substituted in lieu thereof:

- (a) Enumeration of charges; quantity of water used. Sewer service charges shall be based upon the quantity of water used as shown by water meter readings and shall be the dollar amount derived by applying the total charge in dollars per one thousand (1,000) gallons for the quantities of water shown in the following table:

<u>User Class (gallons)</u>	<u>FY23 Total Charges (\$/1,000 gallons)</u>
First 100,000	\$13.47
Next 650,000	10.03
Next 1,250,000	8.15
Next 30,000,000	6.88
Over 32,000,000	6.69

In addition, the total charges derived from the above chart for residential users will be multiplied by ninety (90) percent to compensate for water use not going to the sewer such as lawn and garden watering. Any residential location where a separate water meter has been installed for the purpose of lawn and garden watering shall not be entitled to have the multiplier applied to any water consumed through the primary water meter. Each residence or apartment unit shall have a maximum monthly sewer service charge for a volume of no more than 12,000 gallons water used; unless the minimum charge due to water meter size exceeds the 12,000 gallon limit, and then the monthly sewer service charge shall be at least the minimum for that particular size water meter.

SECTION 23. That Chattanooga City Code, Part II, Chapter 31, Article II, Section 31-

36(c) as relates to sewer service charges and fees be and the same is hereby deleted and the following substituted in lieu thereof:

- (c) Billable flow. The amount due from the regional user shall be the dollar amount derived by applying the total charge

shown in the table below per one thousand (1,000) gallons of water sold.

	Regional Operation & Maintenance Charge (\$/1,000 gallons)	Regional Debt Charge (\$/1,000 gallons)	Total Regional Charge (Wheelage and Treatment) (\$/1,000 gallons)
Wheelage and Treatment	\$3.9385	\$ 0.7702	\$ 4.7087

If regional customers are billed directly through the water company, the rate to be charged shall be four dollars and seventy-two cents (\$4.72) per one thousand (1,000) gallons.

SECTION 24. That Chattanooga City Code, Part II, Chapter 31, Article II, Section 31-36

(d), be and the same hereby deleted and the following substituted in lieu thereof:

- (d) Total flow. The amount due from the regional user shall be the dollar amount derived by applying the total charge shown in the table below applied to the quantity of water measured by a flow meter installed and maintained at or near the point of connection between the system of the regional user and the Chattanooga system. In the event of any malfunction of said meters, flow shall be estimated, interpolated and/or projected in the most equitable manner possible. Such estimates, along with available readings for periods where there was no malfunction, shall be the basis for billing.

	Regional Operation & Maintenance Charge (\$/1,000 gallons)	Regional Debt Charge (\$/1,000 gallons)	Total Regional Charge (Wheelage and Treatment) (\$/1,000 gallons)
Wheelage and Treatment	\$ 2.2665	\$ 0.4338	\$ 2.7003

SECTION 25. That Chattanooga City Code, Part II, Chapter 31, Article II, Section 31-37, be and

the same is hereby deleted and the following substituted in lieu thereof:

Minimum sewer service charges based upon water meter connection size shall be as follows:

Any residential location where a separate water meter has been installed for the purpose of lawn and garden watering shall not be entitled to have the multiplier applied to any water consumed through the primary water meter.

SECTION 26. That Chattanooga City Code, Part II, Chapter 31, Article II, Section 31-41(c), be and the same is hereby deleted and the following substituted in lieu thereof:

- (c) Rates. Based upon the current cost of treating wastewater containing constituents with concentrations in excess of “normal wastewater,” numerical rates are hereby established for Bc and Sc as follows:

Bc = \$0.1229 per pound of BOD for concentrations in excess of three hundred (300) milligrams per liter.

Sc = \$0.0852 per pound of total suspended solids for concentrations in excess of four hundred (400) milligrams per liter.

SECTION 27. That Chattanooga City Code, Part II, Chapter 31, Article II, Section 31-43 (b), (f) and (g) be and the same are hereby deleted and the following substituted in lieu thereof:

The minimum charge for septic tank discharges shall be one half (1/2) of the rate for one thousand (1,000) gallons of the rate in effect at the time of such discharge.

(g) *Fees for holding tank wastes.* All persons discharging any holding tank waste authorized pursuant to division 6 of this article shall be charged at the rate of thirteen dollars and forty-seven cents (\$13.47) per one thousand (1,000) gallons of such discharge, plus any surcharge rate authorized by Article III of this chapter for concentrations of pollutants in excess of normal waste water without regard to the definition of the industrial user or other limitations set forth in such section. The Plant Manager may also require a chemical analysis of such waste and charge therefore.

(h) Late fees of 10% (ten percent) shall be applied to all amounts billed but not received by the due date indicated on the invoice.

(i) An applicable disconnect fee may be assessed for delinquent accounts.

SECTION 28. Notwithstanding any other provision of this Ordinance to the contrary, water providers within the City of Chattanooga shall bill according to the new Chattanooga sewer service charges effective on the 1st day of October 2022 until further notice.
