

CITY OF CHATTANOOGA

Classification Specification Title: Survey Party Chief Supervisor

Department: Public Works

Pay Grade: GS.08

Supervision Received From: Engineering Manager

FLSA Status: Non-Exempt

**Supervisory Responsibility For: Survey Instr. Tech.,
Survey Party Chief**

Established: 10/13/16

**Revision Dates: 4/4/25;
10/20/23; 1/11/23**

CLASSIFICATION SUMMARY:

Incumbents in this classification are responsible for supervising a survey crew in collecting data, making measurements and communicating with the public. Duties include processing collected survey data for the production of topographic drawing for project design use, deed research using existing plats and deed legal descriptions for the locations of the public and private right of ways and properties. Works under limited supervision.

SERIES LEVEL:

The Survey Party Chief Supervisor is the third level of a three-level survey series.

ESSENTIAL FUNCTIONS:

(The following duties ARE NOT intended to serve as a comprehensive list of all duties performed by all employees in this classification, only a representative summary of the primary duties and responsibilities. Incumbent(s) may not be required to perform all duties listed and may be required to perform additional, position-specific duties.)

Supervises lower-level survey staff to include prioritizing and assigning work; conducting performance evaluations; ensuring staff is trained; ensuring that employees follow policies and procedures; maintaining a healthy and safe working environment and making hiring, disciplinary, and termination recommendations.

Supervises survey crews in the collection and preservation of raw survey field data. Imports and analyzes collected survey data and generates topographic project drawings for design purposes.

Receives final drawing designs and files for utilization in staking out of proposed construction projects; creates stake-out points for the construction of buildings, highways, storm, and sanitary sewer systems, boundary lines, easements, utilities and/or other related projects.

Researches pertinent plats, deeds, legal descriptions, utility drawings, tax records, sewer plats, field books, previous surveys, highway route drawings, ArcView maps, Geographical Information System (GIS) data, and/or other applicable resources to determine the location of the public and private right of ways and properties.

Prepares and maintains a variety of records, data files, drawings, coordinate files, photo files, field books, revisions, notes, reports, and other related information related to section operations and activities.

Transports crews, equipment, and materials to and from job sites.

Maintains vehicles, tools, and equipment utilized in section operations.

Procures and maintains inventory; orders replacement materials and supplies.

Uses, carries, and answers their cell phone for business purposes as determined by the assigned job duties and the department head.

Must meet regular attendance requirements.

Must be able to maintain good interpersonal relationships with staff, co-workers, managers, and citizens.

Must accomplish the essential functions of the job, with or without reasonable accommodations, in a timely manner.

Performs other duties as assigned.

DEPARTMENT SPECIFIC DUTIES (if any):

MINIMUM QUALIFICATIONS:

High School Diploma or GED required, some related college coursework and at least seven (7) years of survey crew experience; or any combination of equivalent experience and education.

LICENSING AND CERTIFICATIONS:

Valid Driver's License

KNOWLEDGE AND SKILLS:

Knowledge of supervisory principles; land surveying principles and practices; algebraic, trigonometry and geometry principles; records maintenance principles and practices; CAD operations; construction layout and construction principles; data collection methods and operating applicable tools and equipment of the trade.

Skill in monitoring and evaluating the work of subordinate staff; prioritizing and assigning work; collecting and analyzing data; maintaining records; performing mathematical calculations involving algebra, trigonometry and geometry; determining volume, triangulating points and offset points; using a computer and related software applications; operating survey total station and data collection equipment; determining layout locations for offset stakes in construction; interpreting engineering drawings, plans, plats, easements and related documents; communication and interpersonal skills as applied to interaction with coworkers, supervisor, and the general public, sufficient to exchange or convey information and to receive work direction.

PHYSICAL DEMANDS:

Positions in this class typically require stooping, kneeling, crouching, reaching, standing, walking, pushing, pulling, fingering, grasping, talking, hearing, seeing, and repetitive motions.

WORK ENVIRONMENT:

Medium Work: Exerting up-to 50 pounds of force occasionally, and/or up-to 20 pounds of force frequently, and/or up-to 10 pounds of force constantly to move objects. Incumbents may be subjected to moving mechanical parts, fumes, odors, dust, extreme temperatures, and workspace restrictions.

SPECIAL REQUIREMENTS:

Safety Sensitive: Y

Department of Transportation - CDL: N

Child Sensitive: N
