Ms. Bracket stated that while she was gathering the beer that this customer said that he would carry the two 18 packs of bud light to the counter for her while she got the other one for him.

I asked Ms. Bracket for a description of this customer and she informed me that he was maybe 5'6, glasses, a brown jacket, and blue work pants. I then asked for a direction of travel that he may have went and she stated that she did not know for sure.

After closing out the call Ms. Bracket called back in with more information and informed me that the suspect that took the beer was a regular named Charlie Brown.

I followed up with the manager at the speedway and reviewed the camera footage of the shoplifting occurrence. The unknown party came in with a mask on and never made eye contact with the cameras. He got the beer and left taking a right out of the store to the end of the parking lot entering a dark colored SUV with a spare tire holder on the back. I was unable to get a make or tag from the footage.

Based upon Mr. Brown's history of stealing from this speedway I believe the unknown party to be Charles E Brown III, but I have insufficient evidence to take this court.

At this time, there is nothing further to report
